TEAM FELIX LE

01 · THE HOOK

Have you ever failed an exam or test you prepped for, simply because you didn’t know the testing format?

Pawan, 28

Temporary resident on a work permit, trying to gain permanent residency through IRCC's French pathway.

He failed his TCF/TEF tests twice: he never practised with the exam format, and had limited access to prep resources.

03 · WHO FACES THIS

Pawan is not alone.

A working temporary resident, 25 to 34, aiming for PR through Express Entry or PNP.

Challenge

Rent, groceries and car insurance leave little room for $390 retakes.

Need

Know their real level in the exam’s own format before booking.

Gap

Most resources test general French, not the TEF/TCF format.

09 · VALIDATION PLAN

We have not tested with users yet. Here is how we will find out.

Who

20 temporary residents preparing for TEF/TCF, plus French tutors.

Ask

Would this tell you when you are ready to book the $390 exam?

Success

Most say yes, and app levels match their real exam results.
